

As a contracted provider in the Pima and/or Santa Cruz County P3 network, your Claim/ Encounter submissions and appeals for Blue Cross Blue Shield of Arizona Advantage (HMO) (BCBSAZ Advantage and Blue Pathway) will go to P3 for processing.

Who is P3?

P3 Health Partners Arizona is a patient-centered, physician-led and population health-focused healthcare company. We have put together a dynamic team of industry leaders, right here in Tucson, whose mission is to guide and influence communities to better health by engaging patients, unburdening physicians and aligning incentives.

How We Can Help

We support patients, physicians and payers in their journey from traditional volume-based models to value-based systems of care and wellness.

Our team brings years of experience managing Medicare Advantage populations in global risk arrangements. This background enables us to navigate and reconcile the many variables that relate to improving care and decreasing costs in this unique patient population.

We have passion for overcoming obstacles to improve the business of healthcare. Our commitment is to making quality care more accessible, reducing the administrative burden and creating a healthcare system that is easier to navigate. Of course, we can tell you who we are. But it's far better when we show you when we work together. If we're doing things right, you'll see our people, passion and purpose in action.
